

Welcome to your Creative Care Package;

The creative folks at Daydreamz project know how hard it is, with all the current changes and things shut down. So, since creativity is something EVERYONE has, even if you've forgotten, we want to share a few materials & a challenge with you. See what zany, different, unusual, things you can create with just a few things... then have a parent or adult SHARE your creation in a photo, via text or Facebook! **txt: 828-476-4231** or <https://www.facebook.com/DaydreamzProjectOrg/>

Together we can entertain each other, have some FUN, & be amazed at all the creativity in our community. We will post photos here: <https://www.facebook.com/DaydreamzProjectOrg/> or website: <http://daydreamzproject.org/>

We look forward to seeing all the things YOU can do with Imagination & just a little inspiration. If writing is more your thing, dazzle us with your words instead...

Take care of each other.

Creatively,

(*t) Starr Hogan

This project was supported by the North Carolina Arts Council, a division of the Department of Natural & Cultural Resources.

PS. If you liked this package, please use the bag to start saving things around you that could become creations; what about toilet paper rolls, rubber bands, plastic bottle caps, and more? Then please, share your ideas with us...
